INTRODUCTION (Reason for Compilation)

This has been an interesting and fascinating project to me and hope you will receive some enjoyment from it. I'm sure there is much more history that can be added to this and encourage you to do so. (I would be appreciative of your information in your research.)

First of all, I have been interested in my mother's side of the family for quite some time. My cousin Pauline Haas Bluhm shared this interest and helped considerably in making this book and it's contents a realization, along with the cooperation of many other family descendants.

Pauline began collecting information in the summer of 1975 -- first by writing everyone she could think of, asking their help. The response was great, additional names and addresses were obtained along the way. My research on the historical side began first with a visit to my Uncle Walter J. Dierschke in Sealy, several trips were necessary as much info was covered -- he was most helpful and interested in this project for a long time. He had spent many hours at his Grandmother Pauline's knee listening to the family stories she had to tell. Later, I went to the Clayton Library in Houston and did more research on our ancestors, this was very interesting and rewarding but also time consuming.

Gradually our ancestorial picture became clearer. Pauline Bluhm and I decided to combine our efforts and have a book printed if enough interest is displayed at the Big Reunion in Moulton on June 20, 1976. The response was overwhelming! Advance orders were taken, increasing as time went on -- at this time almost 100 books are sold. A few extras will be available on first come basis. Several families' info was not yet included and decided to postpone the deadline from July to September. An accurate and complete family history was more important and felt everyone would agree. Extra time was involved in the final stage and another month was needed to compile, condense, and re-type everything. Special thanks goes out to my Aunt Mrs. Janie Mican for allowing us to use her "family book" as a guide.

Much time and effort was put into this special book because our Great-Grandparents were pretty special people. In this Bicentennial year of America, we reflect on our past and learn about the good and the hard times of our ancestors, we look in awe and with profound admiration at their accomplishments.

Pauline and I dedicate this book to their loving memory, thanking God for the many blessings over the years. Let us not loose sight of these blessings and continue praying.

German Immigrants and Our Ancestors

Family stories find a warm spot in our lives. We love to hear what our parents and grandparents experienced in their youth and their home making. Most of the time, these are of interest only to the descendants and relatives, but at times other people relate to a same parallel of the pioneering spirit in their own background.

The struggles and lean years of our ancestors bore fruit in due time. Often the improvement of the farmstead was the only visible milestone or tangible evidence of their work. Despite a limited background, they contributed much to their community and Church. They shared the spirit of their hopes and aspirations with their children. They lighted this "torch of their dreams" with their own personal efforts, devotion, and willingness to work. They found great safisfaction in this - even when they were surrounded by many hardships. They encouraged their children to search after the key that would bring better opportunities for their families... and this was done without minimizing their deep religious faith - which was a part of their every day life. Some saw this key in the importance of education; others in the closeness to the land.

The economic struggle for survival was very real. Crop-failures, drought, lack of equipment, distance from town were but a few of the obstacles they had to overcome. The eager response to achieve or utilize existing opportunities was not at the expense of neighborliness. There was a continuing spirit of mutual assistance.

PRUSSIA - GERMANY

It is believed Silesia was originally part of Poland until 1795. Poland disappeared as a separate nation from 1795 to 1919, when it became a republic and reclaimed lost territories. Constant wars caused Poland to be partitioned four different times in history. Prussia, Austria, and Russia claimed portions for themselves. The Breaslau area was passed to Austrian, then to Prussian, and to Russian powers. Earlier history reveals this section was part of the Holy Roman Empire also.

Today Breaslau, Silesia (Prussia) is known as Wroclaw, Poland, formed in 1945 from German lower Silesia. It is located on the Oder (Odra) River and has fertile farm land. This region among other areas, suffered great damage at the end of World War II in 1939 and has since been restored. Russia seized control of the government in 1945 and are presently still in control.

Frequent war in this part of Europe was constantly changing boundaries of countries with town names being moved over into another boundary. This situation occured in the area where our ancestors, the Dierschkes and the Seidels lived. In the 1860's, Endersdorf Breaslau was in Prussia (Germany) under the control of King Wilhelm I with Otto von Bismark as Prime Minister. Prussia was a powerful military nation for hundreds of years. It was at the peak of it's power in 1861. When Austria quarreled with Prussia, Bismark formed the North German Confederation -- with King Wilhelm I at the head. In 1871, this Confederation became the German Empire, the strongest nation in all Europe.

Joseph Franz Dierschke fought in the War of 1866, sometimes called the Seven Weeks War. There were several areas of conflict and hard to pinpoint the exact battle he participated in, but it is a probable guess it was the one in Bohemia. This battle took place near Sadowa on July 3, 1866, and was a decisive turning point. It shifted power to Prussia from Austria and led to beginning of the German Empire. It is not known the exact reason the Dierschke family chose to leave in 1867, but might safely conclude the constant turmoil in their beloved homeland had something to do with this major decision. This had to be a "life-time decision" and took Faith, great determination and courage to leave friends and relatives never to see them again, to move to a strange new land and re-establish a complete new life-style.

## OCEAN CROSSING

It was in early October 1867, when Joseph Franz Dierschke 31, his wife Pauline (Seidel) 25, and their two small daughters, Anna Marie age 3, and Mathilda Marie not quite 1 year old, embarked from Bremen Germany on the ship "Diana" for a 6 weeks voyage to Texas. Walter J. Dierschke recalls in a letter dated 10-19-1959 to Cousin Walter Mueller of Ballinger that Pauline Dierschke told him the ocean crossing was a bit rough having gone through stormy weather but all arrived in Galveston, Texas safely. There were 97 passengers besides the crew. They landed on November 6, 1867. Traveling with them were Pauline's parents and their family, who were Joseph Seidel Sr. (age 50), his wife, Magdalena (Matschke) Seidel (age 46), their children, Anna 23, Marie 17, Ernestine 10, Franz 12, August 7, and Paul 3. Another son Joseph Seidel Jr. 21, stayed behind perhaps to serve in the army and later came to Texas in December 1869. Pauline (Seidel) Dierschke was the oldest child of this family.

Joseph Franz married Pauline Seidel in Germany (Prussia) on 11-10-1863. It is said she was a German school teacher. The family lived in Breaslau, Silesia in Prussia, an area which is now S.W. Poland near the East German Border. Nothing is known or recalled who Joseph Franz Dierschke parents were or anything about other relatives, however, his is the only family that came to Texas. Another Dierschke clan is believed living in the Minnesota or Wisconsin area.

## ARRIVAL - TEXAS - (NEW ULM)

Upon their arrival at Galveston, the Dierschkes and the Seidels traveled by train to Alleyton, (which is) across the river from Columbus, Texas. They went by oxen team to settle in Austin County between New Ulm (then known as Scott's Bluff) and Industry, Texas, the oldest German settlement in Texas. Friedrich Ernst established this area much eariler (1831) when he settled there and wrote back to his German homeland telling relatives and friends of this area. A copy of his letter was even published in a German Newspaper. The Dierschke Family knew the Ernsts also. Many Germans came to this area to a new life from their homeland.

On December 23, 1870, Joseph Franz purchased two tracts of land in Austin County totaling to 255½ acres from Mrs. George (Amelia) Bauer. One tract (171 acres) was in the James Tyler League and the other tract (84½ acres) from the Samuel O. Pettus League. The tracts were in two separate locations, one between New Ulm and Industry (they lived here and farmed) and the other tract was between Cat Spring and New Ulm (Woodland only).

Refer to map further in book. The cost was $2,585, payable in gold coin over a seven year period at 8% interest, the down payment was $700. This land was sold on 11-13-1877, to Daniel Finn for $2,525. Oil and gas were later discovered on the woodland tract.

Joseph Franz Dierschke followed the same occupation as he had in Germany (Prussia). He was a farmer, raised livestock, fruit trees and kept bees. He was considered a good orchard and bee man. He planted fruit trees for others also. He built hog pens and raised hogs. People laughed at the hog pens because hogs ran wild in those days. He used to carry his cotton by ox team to Galveston, the trip took about one week. He liked to drink and was quite a hell raiser during those times. Feeling a keen sense to belong he became an American citizen on September 8, 1871, in Austin Co. Joseph Seidel Sr. and Joseph Jr. also were naturalized at the same time. These families always stayed close in all they did, giving each other that special sense of security in this strange new land.

Four children were born to the Dierschkes while living in Austin Co. They were Joseph Alexander, Marie Theresa, Martha Amelia, and Gustav Henry. According to an 1870 Census of Austin Co.-Industry, Texas, it shows the family have three other staying with them, who were helping with the household chores and the field work. They were Bertha Seifert 22, Theresa Seifert 15, and Anna Seidel 25 (Pauline's sister). The children were baptized at St. Peter and Paul Catholic Church in Frelsburg, where the family attended services.

## MOULTON - HOME

Over-crowded conditions and the desire for more farming land caused the family to move to Moulton, Texas in the late fall of 1876. The present town of Moulton had not been established at that time. Joseph traded in Old Moulton and Flatonia. The family attended church in Praha until the Catholic Church in Moulton was built in 1888. Walter J. Dierschke recalls his father J.A. Dierschke telling of his help in soliciting funds on horseback for the Church. The Church and its beliefs were a very important way of life for the Dierschke family. The family devoutly practiced the Catholic Faith as does many descendants to this day.

At first the family rented and farmed from a Moore family (Sam and Will Moore donated a school to the town), this property is now known as the Freytag Place. Martha Amelia took ill and died on September 30, 1876 or 1877, not sure if in Austin Co. or Lavaca Co.

Four more children were born in the Dierschke family in Lavaca County --Moulton, Texas; they were Paul August, Elizabeth Clara, Frank Edward, and Johanna Hedwig. This made a total of ten children being blessed to the Joseph F. Dierschke family.

In 1878, Joseph bought 310 acres of land from G.B. Crain, located 3½ miles S.E. of Moulton on the head waters of the Lavaca River. This tract was from the William Taylor League of 1830. He made his first crop in 1879, he did not live there until later in year. The house and barn was built in the Fall. The barn burned in 1889 and was rebuilt. It is still standing to this day.

According to 1880 Lavaca Co. Census record copy sent by Gene Dierschke of Dallas, the Seidel Family also moved to Moulton, however Joseph Sr. is not listed among the names so it may be safe to assume he died either in Austin Co. or shortly after moving to Moulton. An extra farm hand was boarding with the Seidels, he was August Elster age 23, (who later married Anna Marie Dierschke). Magdalena Seidel 58, was also living with Joseph Jr. 32, and his family along with 3 brothers and sister, Anna 35, Franz 25, August 20, and Paul 16. Joseph Jr.'s wife is listed as Elizabeth 28, and their three daughters, Mary 3, Helena 2, and Asflora 1.

1880 Census of Joseph Dierschke lists him age 45, Wife Pauline 38, Anna 15, Mathilda 13, Joseph 11, Marie 9, Gustav 5, Paul 3, and Clara 1.

Joseph Franz had 5 acres of fruit trees on his estate, the last of these died around 1959. He planted many trees for others in the area. The family lived in a closeness and helpfulness to one another. For example when a family member married, Joseph Franz would have a place near by his own home for the newly weds to live until they could get established on their own. Different families lived in the house by the Lavaca River, as well as the house on the hill. The house on the River, built in 1886, was occupied by the Muellers, then Gustav and later Frank who bought it when the estate was divided in 1905. The house on the hill, built in 1891, was occupied by Pilzners, Joe A., Paul and Gustav also. Joseph made a successful bid for Sheriff - whereby proving his great interest in local affairs and wanting to be a part. He had a sincere interest in history.

Tragedy struck in 1893 when Joseph Franz died an untimely death at the age of 57. He died on 3-22-1893---(there are two stories of his death), Walter says he died of a severe cold or grippe and Elizabeth Wick Menke says she recalls Grandmother Pauline tell her he drowned while crossing his wagon and team across the Lavaca River during a heavy rain.

Joseph Alexander lost his first wife during a typhoid fever epidemic and he himself lay in a coma for two weeks before learning of his wife Emma's death. Mother Pauline took care of J.A.'s daughter Emma until his re-marriage in 1901. Another daughter Alma stayed with the other Grandmother (Bruchmiller in Meyersville.)

In 1900, Elizabeth Clara Dierschke Wick died one month after giving birth to her only child, Elizabeth Clara (named exactly like her mother.) Again Grandmother Pauline lent assistance and raised the child Elizabeth until she was 5½ years old and her father William Wick had re-married, in 1905.

Magdelena (Matschke) Seidel lived with her son until her death 7-25-1904. She is buried in the Moulton Catholic Cemetery. It is not known where her husband is buried.

On another side, there were two marriages in 1904, Johanna married Frank Wick on October 18, and Frank Dierschke married Louisa Wick on October 25. Louisa and Frank Wick were brother and sister.

Pauline was ready to divide the estate after the last two weddings, but delayed any action until the Fall of 1905 due to the illness of daughter Marie Theresa Dierschke Pilzner. A house was built near the original home for Pauline to live in. It was built in 1905.

MOULTON

After the land was divided, Joseph A., Paul and Frank each bought the other's share of the property. Joseph A. had 114 acres, Paul had 90, and Frank 100. Joe A. acquired the original home also. This house was later rebuilt in 1911, using quite a bit of the material from the original home that was built in 1879. This house is there today.

Due to a heavy insect infestion and a desire for more farming land, (Fall in 1905), it caused Gustav Henry to move to Runnels Co. in West Texas. Land was plentiful, cheaper and was good for farming. This was the beginning of other family descendants to follow suit. Paul August sold his Moulton property in 1910 and went to Runnels Co. He and his family later returned in 1917 to Moulton, buying other land. Today there are many Dierschke descendants in the West Texas area, prospering real well. Parts of the Original Dierschke Estate remained in the family for a long time, however today almost all the land has been sold. A one-third portion remains, belonging to Dr. Raymond Mondshine and wife Shirley Dierschke Mondshine of Houston. Two other families from Houston also own one-third portions --- they are Van E. Massengale and David E. Brothers. The three families together own 3 acres square with the house and barn and share its use.

ST. JOSEPH CHURCH - MOULTON

Moulton Church began as mission of Hallettsville in 1888, with Father Forest in charge. The wooden frame church was 40 x 100 feet, it was completed 11-15-1888, at a cost of $3,000. Sam and Will Moore donated 5½ acres of land. This was one year after the San Antonio and Aransas Pass Railroad was built through the present site of Moulton, the first buiness, a general store was established. For half a century, the first site of the town now referred to as "Old Moulton" was located 2 miles west of present town of Moulton. Very few of the eariler inhabitants were of the Catholic faith. But an increasing number of Czech and German immigrants were settling on farms in the area. Most of these were Catholic and attended church at Praha until the Moulton Church was built.

In August 1890, a rectory was built and Rev. J.A. Erhart became first resident pastor, but remained only 6 months. For 2 years Moulton was again a mission of Hallettsville until February 1893. Rev. Charles J. Benes was appointed pastor of Moulton with Shiner as a mission. Shiner remained a mission until 1912. In 1894, the Rev. Joseph Hudecek succeeded as pastor and remained until 1911.

Other Pastors were:

Rev. Gregory Sherlock, O.S.B. - May-July 1911.

A Parish school was built in 1894, staffed by the Sisters of Divine Providence. It was in operation until May 1965. The present four room classroom building and auditorium was erected in 1953. It serves as a CCD Center and Community Social Center. The present (brick) church was built in 1924 and the present rectory in 1948. The rectory, church and auditorium were renovated and air-conditioned in 1967, 1968 and 1969 respectively. The parish cemetery now has a Perpetual Care plan. A two-story frame building which served as a rectory until 1948 and as a convent from 1948-1967 is presently occupied by the parish CCD coordinators. Seven women from the parish became Sisters and one priest, Rev. Dennis Darilek was ordained 4-27-73.

Father Schmidt writes that the present membership at St. Joseph is approximately 1300, representing 90% of the community population.

Father Schmidt furnished this information.

GRATITUDE TO ALL & GUIDE OUTLINE

It is with deep gratitude to all of you for taking the time to send your information, stories, treasured family pictures and being interested that this compilation was possible. Many helped through their prayers to make this a reality, for it was through God's Will we accomplished our goal.

FAMILY OUTLINES are provided at the beginning of each 1st generation family. The generations are marked on top of the outline and should help you to follow each family's history relatively easy. In the personal history part keep in mind the Dierschke descendant is always listed first and underlined, then the spouse is listed below and thirdly their children. If their children are married, the same procedure is followed with them. If a descendant died young or was not married, that name was not usually repeated. Follow the family outlines as a guide. The first and second generation are in large print, all others are in reduced print.

In some cases not all information was sent - we included what we had. Mistakes and errors are possible but not intentional. As an added feature, human interest stories follow some of the families. Quanities were limited. It is intended to add interest to the text.

With regards to the pictures, not all pictures could be used and every effort was made to equilize them as much as possible so that every family would be covered in some way or other. Clippings are inserted to utilize space in blank spaces and not necessarily with a particular family. Additional copies are limited, should more family books be desired, we ask you to order right away.

Over two years have past since this book was first printed. Originally 125 books were made and sold. Today, 30 more books have been made at a slightly higher rate due to rising costs. My cousin Pauline Haas Bluhm and I have received many favorable comments of which we are both deeply grateful. At the same time we heard criticism in particular the small print (known as reduced print) on the third generations down to the present generations. This we felt was necessary as there were so many relatives to be included and total costs were not known until it was completed and mailed out.

An error in particular is found on page 81 - the picture of the old barn built in 1889 is not correct, the one pictured actually replaced the original barn. The year is not known as yet.

Several wedding pictures were cut in half to conserve space, no slight was intended to the families involved. (If I had to do over, all wedding pictures would be equal.) Placing the pictures for this book took a whole day at the printers. There were many details and this project was so important to me that I spent many long hours at the printers making sure it was done to my liking. Covering the books required both Pauline and my help at the printer -- so one can really say this Dierschke family history has been a true labor of love.

A guide can be found on page 6. To locate your particular ancestor first turn to the Scroll page in front of the book, secondly refer to the page of Contents and thirdly trace your family on that particular family tree or outline provided for each family. Double lines are drawn between each family in the book, however if there were no children another double line was drawn for the next family and so on. Family trees divide the individual families of the original ancestor.

Another big Dierschke Reunion is planned in the summer of 1981 in Moulton, Texas. (see page 58) A supplement to this book will also be available. It is hoped many will again be on hand for a big celebration of the Dierschke descandants.

Sincerely,

Mrs. Julius (Marjorie) Matula

Double lines are drawn between each family in the book, however if there were no children another double line was drawn for the next family and so on. Family trees divide the individual families of the original ancestor.

Another big Dierschke Reunion is planned in the summer of 1981 in Moulton, Texas. (see page 58) A supplement to this book will also be available. It is hoped many will again be on hand for a big celebration of the Dierschke descandants.

Sincerely,

Mrs. Julius (Marjorie) Matula.

# The Dierschkes

June 14, 1981
Moulton, Texas

Five years have gone by since our last big DIERSCHKE REUNION - lot's has happened in that time. We're all busier than ever.

For those of you who have the books, please note these corrections: Pg 10 - is not the Dierschkes like we thought, in reality, the couple is Pauline (Seidel) Dierschke's brother and wife, Joseph Seidel Jr. and Elizabeth. The last 30 books have been corrected however, the first 125 were not.
You will also note some pages are not in order - printers error. The church on Pg 8 was actually renovated in 1968 with the front entrance area added in 1974. Father Schmidt was kind enough to put note in church bulletin for the picture of the first church in 1888. Adolph Schultz graciously furnished us this picture, we are most greatful to both of them.

Please refer to letter dated February, 1979 in this supplement for a better understanding of the family OUTLINES or FAMILY TREES. The compilation began Sept. 8 and was ready for the printer on October 11, 1976, so you can see not much time was left to make sure all was understandable.

The Gus Dierschke descendants purchased the most books, over 30. It is most gratifying to both Pauline Bluhm and myself that our efforts have gained your approval.

I also failed to give recognition to the Pratka-Kocian Family history by Rev. Michalicka which I used as guide in preparing the Dierschke book. It was most Helpful.

The barn on Pg 81 is not the original barn but replaced the original, date not know but one can see it is very old since wooden pegs were used.

Due to the lack of time, neither Pauline nor I did much research but will add the following as food for thought; Joseph Dierschke, original ancestor may have become citizen in Lavaca County not Austin County, at age of 51. He filed intent 4-27-1887, pg 58 "B" Bk, District Clerk, need verification yet.

Pauline (Seidel) Dierschke's father Joseph Seidel (Sr.) has been located on 1880 Lavaca Co. Census as living with John Mank Family,

his wife Magdalena (Matschke)Seidel was shown living with her son Joseph Seidel Jr. & Family in Lavaca County, 1880. Joseph Seidel Sr. however is not buried with his wife in Moulton. Some say perhaps he is buried at Praha. Also if anyone can help locate Joseph Dierschke baptismal records (written in German, no doubt) or marriage record it would be appreciated. This can be most helpful in tracing our ancestors in Germany once it is transulated.

We are again most appreciative of Johnny Dierschke & Family; also of Gus Targac & his Family for hosting this big reunion today, June 14, 1981 in Moulton, Texas. Today is also known as Flag Day. As we gather for fun and to renew acquaintances, let us not forget why our Dierschke and Seidel ancestors came to this wonderful land of America - so that they could find a better way of life. Flag Day should remind us of this special freedom we are fortunate to have.

Sincerely,

Mrs. Julius (Marjorie Mican) Matula

# G. H. DIERSCHKE FAMILY HISTORY

On November 6, 1867, Joseph Franz Dierschke and his wife Paulina (Seidel) Dierschke with their two children, Anna and Matilda came to the United States from Prussia near East Germany.

Port of entry was Galveston, Texas. The family lived at New Ulm, Texas, until moving to Moulton in 1876. In the years to follow the couple had eight more children.

One of the sons, Gustav, or better known as G. H. Dierschke, was born January 15, 1875, near Moulton, Texas. On February 7, 1899, at Frelsburg, Texas, he married Elizabeth Wilde, daughter of Bernard and Anna (Halfmann) Wilde. Elizabeth was born November 13, 1875, at Frelsburg, Texas.

G. H. and Eliza Dierschke farmed in the Moulton area and had three children while living there.

Eleanor Dierschke was born November 28, 1899. She married Hugo A. Braden in 1921; they settled in Runnels County near Rowena, Texas.

Arthur G. Dierschke was born May 27, 1901. He died at Bethel, Texas, June 19,1919, at the age of 18.

Isabella Dierschke was born March 28, 1903. In 1925 she married Frank J. Lange, and they settled near Rowena, Texas.

Due to the severe insect infestation and heavy rainfall in the Moulton area, the G. H. Dierschke family moved to the Bethel community in Runnels County, Texas, where they had a greater opportunity to prosper in their farming.

The family traveled by train to Runnels County, coming to Rowena in October of 1905. Upon arrival in Rowena, they

visited with the Mike Fiest family, where they were served a welcomed meal. Mrs. Feist then took the Dierschke family by horse-drawn wagon for the ten-mile journey to Bethel to the home of Mrs. Dierschke's brother, William H. Wilde and his family.

Cattle and household goods were shipped by freight train and arrived some time later, along with a helper who tended the cattle.

The G. H. Dierschke's lived with the Wilde family a few months while building their new home. The Dierschke home was completed in early 1906. Mr. Dierschke purchased the lumber for the house in Ballinger, Texas, having to open thirteen gates to go to town. Several years later two more rooms were added to their home.

The first year Mr. Dierschke cleared eighty acres for farm land, and only produced one bale of cotton. The next year he made 88 bales.

During the years of farming and flourishing, G. H. and Eliza Dierschke had six more children.

Otto Dierschke was born December 23, 1905. He married Annie Halfmann in 1932. They resided near Rowena, until moving in 1945 to Wall in Tom Green County, Texas.

Winnie Dierschke was born December 25, 1908, and married Earl Crockett in 1935. They settled in Runnels County, Texas, between Ballinger and Rowena. Earl died in 1962; Winnie married Raymond Vincent on February 14, 1974.

Wolley H. Dierschke was born March 23, 1911. He married Rosalie Glass on August 17, 1939. They settled near Rowena, Texas.

Monroe Dierschke was born September 30, 1913, and married Regina Fuchs of Westphalia, Texas, in 1948. They lived on the G. H. Dierschke home place until moving to Wall, Texas, in 1964.

Harry Dierschke was born January 23, 1916. He died December 16, 1935, at the age of 19.

Irene Dierschke was born November 15, 1918. In 1940 she married Raymon Bruchmiller of Goliad, Texas. They settled near Paint Rock, Texas, until moving to Bethel in 1966 when they purchased the G. H. Dierschke home place.

The G. H. Dierschke's were devout members of the Catholic church, attending services regularly at St. Boniface Church at Olfen, Texas. Religion was a very important part of the Dierschke family; Mrs. Dierschke believed that the family who prayed together--stayed together. The same holds true to this day with the Dierschke descendants.

Mrs. Dierschke was a member of the Christian Mothers Society of Olfen. Mr. Dierschke was a member of the Knights of Columbus and the St. Boniface Society. He also served as a board member of the St. Boniface Church, being treasurer for the construction of the present-day church built in 1922.

G. H. Dierschke was a director of the Ballinger Co-op Gin Company, and a director of the Ballinger National Farm Loan Association. From 1925 to 1940 he was also a director of the First National Bank of Rowena, Texas.

For many years Mr. Dierschke was a trustee of the Bethel School. He was very active in all stages of politics, being the election judge for the Bethel precinct, and also attending many political rallies in area towns.

Since farm laborers were almost impossible to hire, Mr. Dierschke would ask people to come and work for him. They would board with the Dierschke family, and Mrs. Dierschke would cook for all of them and do their laundry. She was very talented at baking and canning, and will be remembered as raising very large gardens, and as having a yard of lovely flowers, as well as hosting frequent quilting bees.

G. H. Dierschke died December 1, 1945, at the age of 70. His wife Elizabeth passed away August 23, 1965, at the age of 89.
